

HELP FOR TIME BETWEEN

PURPOSE: The Time Between is used to calculate the time between two times

When to Use the Time Between

Use this screen when you want to know the amount of time between two times.

Why would you want to do that?

Maybe you want to figure out the time between George Washington's birthday and his first election.

How to Use the Time Between

Use the Date Pickers to select two times – Spin the Timers to select two times.

Review the results – The first line shows the time between the selected times expressed in Years, days, hours, minutes and seconds.

The results below the first line show the totals in various units of time. For example, the Seconds value will show the Total Seconds between the selected times.

If the difference between the times is 2 minutes you will see 2 minutes and zero seconds in the first line and below the first line you will see 2 Minutes and 120 Seconds.

Can Time 2 be earlier than Time 1?

Yes, but if the Time 2 is before Time 1 you will get an answer but you will see a bunch of negative signs.
